Gotta’ Get Outside
Gary Culley

INTRO: D D D7 D7 G G D D
D D D7 D7 G G D D

D
The snap of a twig underneath my feet
D7
The distant view of a mountain peak
G
The fresh scent of pine very time I breathe
D D7
Gotta get outside

D
Hear the rush of a river as it rolls over rocks
D7
The blue sky that’s home to the red tailed hawk
G
The black shadowed trees make me feel lost
D
Gotta’ get outside

Bm A
Inside these ceilings and doors I feel safe and warm
G
And it drives me crazy
Bm A
Give me the heavenly sites of the northern lights
G A
Or a long summer’s day filled with lazy
D D7 G D
E-heee

D
The buzz of these lights fluorescent and cold
D7
The stillness of air that’s stale and old
G
These walls that I climb, they’re moving in close
D D7
Gotta’ get outside
D
Feel the warmth of the sun as it falls on my face
D7
The freedom I feel in some wide open space
G
The wind in the sky is where I find my faith
D
Gotta’ get outside

REPEAT CHORUS

SOLO OVER CHORUS CHORDS

The hoot of an owl you hear but don’t see

All of these places are where I find peace

Gotta’ get outside
